Attendees (Resource Group): Maria Teresa Cruz, Jody Kelly, Nicole Lamb, Allen Lomax, Betty Peebles, Carmen Regan, Lesby Zavala

CCC+ Rollout

- Discussed the CCC+ rollout. Drilled down on dental care benefits in each of the six plans.
- Expressed concern about confusion, information gap.
- Further inquiries will be made.
- **Can VaOHC provide information about where to get questions answered? News release, information on its web site? Specifically, to AAA's about dental??**
 - Yes, we will share FAQs about the CCC+ plans' dental benefits with the larger group as available – please forward to local contacts who at AAAs, etc. For the time being, please find 2 resources attached:
 1. A list of the Health Plan contacts working with CCC+ to identify a dental provider for someone who has CCC+ (unfortunately you can't just call the *Smiles for Children* number).
 2. Comparison chart of the CCC+ value-add dental benefits

Resource Group

- Continuing to develop its resource directory – working on list of items, format, etc.
- By Feb. 7th call, have draft ready to tweak and start disseminating
- May need assistance from VaOHC and larger group with how to disseminate, tie to advocacy with local officials

Data Group

- Discussed and reviewed the “snap” survey done to determine dental record-keeping information by nursing homes and other long-term care facilities.
- The group determined that it would focus on developing a survey of older adults living at home. Potential funding from the Northern Virginia Health Foundation to provide survey assistance.
- Potential “brainstorming” meeting with key individuals who can guide us as we plan the survey.

Next Meeting

- Groups to continue to work on their tasks – December 2017, January 2018.
 - Please continue to brainstorm and reach out to contacts who may wish to be involved in this work from other areas of the region
