

Supports from the Virginia Oral Health Coalition

- Provide tools and opportunities to advocate at the local, state, and federal levels.
- Offer learning opportunities for care providers and community members about oral health and intersecting issues (e.g., chronic disease management, special population needs, health equity, etc.)
- Coordinate and convene regional and state workgroups focused on implementing collaborative projects to improve oral health and boost Virginia's overall performance on indicators of oral health.
- Ensure alignment between oral health workgroup initiatives and other regional/state health initiatives.
- Disseminate replicable best practices.
- Connect regional stakeholders to resources, experts and technical assistance to implement collaborative projects.
